

CERTIFICATE ***For Products***

THIS IS TO CERTIFY that the following PRODUCTS have been found to comply with the specifications established in the American Society for Testing and Materials standard ASTM D6868, “Standard Specification for Labeling of End Items that Incorporate Plastics and Polymers as Coatings or Additives with Paper and Other Substrates Designed to be Aerobically Composted in Municipal or Industrial Facilities,” in accordance with the terms and conditions of the “Biodegradable Products Institute and The United States Composting Council – Certification Program for Products Made of Compostable Plastics – Program Rules”:

Products

Printed and laminated multi-wall bags (with a maximum thickness of 15.675 mil) sold under the Ecoterah™ brand, comprising the following layers:

- **Inks (individual inks not to exceed 1% wt., with cumulative nondegradable materials not to exceed 5% wt).**
- **Clay coated paper (nominally 2.4 mil)**
- **Kraft paper (two layers, nominally 5 mil each)**
- **Adhesive (0.25 mil)**
- **BPI-Approved Film (nominally 1.6 mil)**

as further described in the application and related information submitted to the Biodegradable Products Institute by Precision Color Graphics, Ltd., (the “Licensee”) a corporation of Wisconsin, United States of America.

This Certificate authorizes the Licensee to use the Certification Program Logo depicted below in relation to such Product, subject to all conditions and terms of the Program Rules and the License Agreement between the Biodegradable Products Institute and the Licensee.
